We are making the Christmas Tree Festival a more sustainable event this year. Each tree will have roots and be planted in a pot. The cost per tree is therefore slightly higher this year – £35.

The trees will be decorated on Wednesday 8th December between 1030 and 1800. Please confirm the approximate time you'd like to decorate your tree. Decorations can be taken down on 27th or 28th December. We will dispose of any decorations still up after that. The trees will be recycled.

There will be 50 trees, allocated on a first-come-first-served basis once payment has been paid. As it was such a success last year, trees will be placed outside, along the churchyard path, except for the children's trees, which will be inside the church. This gives the children's groups more opportunity to make different types of decorations, which can remain dry inside. Competition sheets will be available inside the church during the first four days. The results will be announced on Sunday 11th December at the evening event. There will also be a number of other events over the first weekend. More information will be available soon.

**Please encourage all your friends and Charlbury groups you know to get involved!
We hope you'll enjoy taking part in this year's Christmas Tree Festival.
Thank you very much for supporting your local church, St Mary's Charlbury.**
